

Prestige Yachts 38 S (Not in Production)

Brief Summary

For the last eight years Jeanneau has been building powerboats and now has 10 express and flying bridge models in their line, from 30' to 50'. Jeanneau calls its powerboat line “Prestige.” They are modern, innovative and because the company is trying to break into the U.S. they are extremely low priced. If you are interested in something a little different with a European flare you should check out the Prestige line.

Price

Base Price
