

Trophy 2206 DC (2010-)

Brief Summary

There is probably no boat type that is more versatile or more at home in any boating setting than a dual console fishing boat. The salty anglers will accept you, and the sportboat crowd will wonder what you know that they don't. As everyone knows, Trophy is a Brunswick brand and has the philosophy of giving lots of value and utility for the buck. Combine that approach to boat building with the dual console design and you have the Trophy 2206 DC. It seems to us that this boat does an excellent job of being a successful crossover between family bowrider and basic fishing platform – all at an affordable price! The Trophy 2206 DC does not have all of the esoteric gadgets and gilhickies of flat-out fishing machines, but she doesn't have the price tag either. In fact, its MSRP with a 200-hp Mercury Optimax engine is just \$43,540.

Price

Base Price \$43540.00

Prices, features, designs, and equipment are subject to change. Please see your local dealer or visit the builder's website for the latest information available on this boat model.
