Builder Commentary

Pursuit delivers an exciting array of Offshore models and the OS 355 takes that winning formula to a new level.

A single-piece optically clear windshield, new exterior fabrics and finishes with exciting new seating arrangements give you every reason to dive into a brand new Offshore. Standard triple Yamaha F300 engines give you the power you’ve been looking for. The increased natural light through stylish hull-side windows, stainless-steel refrigerator and electrically actuated convertible berth/dinette are a few of the cabin features elevating this new model with yacht-caliber appointments.
