Boaters Commentary

Exemplifying the latest in Sunseeker’s exceptional design capabilities, the Manhattan 55 has been meticulously designed to enhance comfort and cruising whilst providing owners with a vast array of social spaces – usually only seen in larger yachts. The exterior styling incorporates unparalleled amounts of curved glass and stainless-steel detailing to emphasize its prowess, whilst exclusive images reveal the innovative design and attention to detail that has gone into this new flybridge model. A key feature that truly sets the Manhattan 55 apart from its peers is the innovative powered glass cockpit/galley window that can be lowered at the touch of a button and which, alongside the open cockpit door, creates a truly exceptional inside/outside environment. The Manhattan 55 enables its owner to enjoy the sumptuous space the open layout provides, showcasing the wonderfully well-equipped bathing platform and Beach Club. This area offers an inviting space for family and friends to enjoy the optional built-in barbeque, overhead shower, and fold-down transom seating. Powered by Volvo Penta D13-800 engines, the Manhattan 55 can cruise comfortably at 25 knots with a range of 250 nautical miles or achieve in excess of 30 knots at full throttle.
