# Builders Commentary

Pro Angler XL lead its class with feature-packed value in a deep, beamy hull that provides more interior space. The large elevated bow casting deck conceals deep storage lockers for bulky gear and still has space for a FreshCatch Livewell, while the spacious main cockpit offers plenty of freeboard and the Integrated Gunnel Track System for mounting downriggers, rod holders and other accessories wherever they're needed. Lockable rod storage keeps expensive tackle safely out of sight when not in use, and its durable vinyl cockpit floor makes cleanups a snap.
